BLACKLINE U

FC: Fundamentals Part 1

COURSE ABSTRACT

Course Code

FCFN-PRT1

Delivery Method

- On-Site Instructor-Led
- Virtual Instructor-Led

Duration

3 Hours

CPE/CPD Eligible

Yes

Course Overview

This course is the first in a two-part series that provides information to help you understand and begin to use BlackLine's platform of Financial Close solutions: Task Management, Transaction Matching, Journal Entry, and Account Reconciliations.

Target Audience

This course is intended for all BlackLine users and roles. Class size is limited, and curriculum is carefully structured in a series of exercises, ensuring you develop the knowledge and confidence you need to understand and navigate within the BlackLine Financial Close platform.

Learning Objectives

By the end of this course, learners will be able to:

- **Identify** the products within the Financial Close solution
- **Navigate** basic platform functions and features
- **Identify** data ingestion and data movement within the platform
- **Identify** related products, features, and functions
- **Perform** basic tasks in each of the Financial Close solutions: Tasks, Transaction Matching, Journals, Account Reconciliations
- **Explain** how Reporting / Financial Reporting & Analytics can be used to capture key financial and organizational metrics
