

Day	Duration	Module	Topics Covered	Learning Outcome	Tools	Assessment
Day 1	3 hrs	Celonis Kickstart & Process Mining Intro	Process Mining Basics, Celonis UI	Understand process mining fundamentals and Celonis interface	Celonis Academy, Celonis UI	Quiz on process mining
Day 1	3 hrs	Business Use Cases & Platform Overview	Use Case Identification, Platform Demo	Identify key business use cases and navigate the platform	Celonis Platform Demo	Use case mapping exercise
Day 2	4 hrs	Navigating Analyses & Dashboards	Variant & Process Explorer, KPIs	Explore dashboards and process variants	Celonis Apps: Analyses	Dashboard interpretation quiz
Day 2	4 hrs	Reviewing & Interpreting Analyses	KPI trends, bottlenecks	Interpret process insights and performance metrics	Celonis Guided Tour	Insight explanation task
Day 3	4 hrs	Building Analyses	OLAP Tables, Charts	Build custom tables and visualizations	Celonis Studio: Analysis	Analysis creation assignment
Day 3	4 hrs	KPI Configuration & Customization	KPI logic, setup	Configure and customize KPIs	Celonis Studio: Analysis	KPI configuration test
Day 4	3 hrs	Introduction to PQL	SELECT, FILTER	Write basic PQL queries	Celonis Studio: PQL	PQL syntax quiz
Day 4	3 hrs	Advanced PQL	PU, CASE WHEN, error handling	Use advanced PQL functions and filters	Celonis Studio: PQL	Advanced query task
Day 4	2 hrs	Knowledge Models & Views	Model building, views	Build knowledge models and visualizations	Celonis Studio: Views	Model creation assignment
Day 5	2 hrs	Drilldowns & Variables	Interactive dashboards	Implement variables and drilldowns	Celonis Studio: Analysis	Dashboard interaction test
Day 5	2 hrs	Action Flows Introduction	HTTP, Webhooks	Automate actions using Action Flows	Celonis Studio: ActionFlow	Flow configuration task
Day 5	2 hrs	Data Integration & OCPM	ETL, Object-Centric Models	Connect data sources, build object-centric models	Celonis Data Integration	ETL & OCPM assignment
Day 5	2 hrs	Case Study & Certification Prep	End-to-end analysis, mock exam	Apply skills in real scenario, prepare for certification	Licensed Celonis Environment	Case study presentation & mock test
