

# **AB-731T00 Drive AI transformation in your organization - Exam Prep**

**Duration:** 4 hours

## **Course Overview**

This session is designed as a revision workshop for participants planning to appear for AB-731 Exam. It begins with a welcome and overview of the exam structure, followed by a focused revision aligned to the key skill areas, including identifying the business value of generative AI solutions, understanding the benefits and capabilities of Microsoft's AI applications and services, and exploring strategies for implementing and adopting these solutions within organizations. The session also provides guidance on the exam booking process along with practical tips to help participants perform effectively. It concludes with an interactive Q&A and wrap-up to address any remaining queries and reinforce key concepts.
