

## **NetApp Cloud and Storage Services Engineering Training**

OEM: NetApp • Duration: 3 Days (24 hrs) • Code: NS0-701

### **COURSE MODULES & TOPICS**

#### **Domain 1: Fundamentals**

- Networking Concepts
- Components of NetApp Cloud Data Services Solutions
- Identity and Access Management Concepts
- Documentation and Deployment Tools

#### **Domain 2: Implementation**

- Tools for Replication and Migration Tasks
- Deploying and Configuring NetApp Cloud Products
- Administering Cloud Infrastructure

#### **Domain 3: Automation**

- Infrastructure as Code (IaC) Tooling
- Deploy Using Infrastructure as Code (IaC) Tools
- Storage Automation Principles

#### **Domain 4: Monitoring**

- Monitoring Components in Cloud Solutions
- Monitoring Cloud Storage Operations
- Cloud Storage Monitoring Concepts

#### **Domain 5: Troubleshooting**

- Troubleshooting NetApp Cloud Data Service Deployments
- Tools Used for Cloud Storage Troubleshooting
