

SitecoreAI CMS for Developers

OEM: Sitecore • Code: SITECOREAI_CMS_FOR_DEVELOPERS

COURSE DESCRIPTION

The SitecoreAI CMS for Developers course is designed for anyone who wants to learn the basic concepts of SitecoreAI CMS development. This course will give you first-hand experience developing a multisite solution with SitecoreAI CMS. This course is designed to help you build a simple solution from the ground up and teach you how to build templates, content scaffolding, presentation layouts, and components. Once you have completed this course, you will have the foundations for creating and maintaining a SitecoreAI website.

AUDIENCE PROFILE

- This section doesn't contain any content.
