

Windchill: Fundamentals Overview

OEM: PTC • Code: WCFD-OVER

COURSE DESCRIPTION

Explore how Windchill provides the tools to organize and access the data created during product development for product life cycle management (PLM). Learn to navigate the Windchill user interface (UI) and perform common tasks. Data management techniques and search methods will provide the foundation you need to learn more advanced Windchill functions.

AUDIENCE PROFILE

- Windchill User

PREREQUISITES

- None

COURSE OBJECTIVES

By the end of this course, participants will be able to:

- Describe the PLM scope
- Identify Windchill concepts and capabilities
- Explore the Windchill user interface
- Use the Windchill search capabilities
- Use and customize the information page
- Investigate tables and table views

COURSE OUTLINE
