

SAP BusinessObjects Web Intelligence 4.3: Report Design I

OEM: SAP • Code: BOW310

COURSE DESCRIPTION

This 2-day course is designed to give you the skills needed to access, analyze and share information using SAP BusinessObjects Web Intelligence. You will learn how to create Web Intelligence documents for reporting and analytical purposes: to retrieve data by building queries using SAP BusinessObjects universes, to restrict data with query filters, to display and format data in tables and charts. You'll also learn how to organize, manage and distribute documents in the BI Launch Pad.
